Re: Appointment

On 11-09-18, Adair County Assessor, Donnie Waybill retired leaving his office vacant. On 08-28-18, a new law was signed into effect that required County Commissioners to appoint a temporary replacement within 14 days of a vacancy. Adair County will be the first county to act on this new law. The Adair County Commission interviewed 7 people who all were good candidates for the position. Based upon those interviews, we are appointing Kent Bryant to the position of Adair County Assessor. Mr. Bryant, an Adair County resident, is currently employed as the Chief Appraiser for the Audrain County Assessor's, Office. He has held this position since 2011. Prior to this position, he was a residential appraiser for Jack Delaney Appraisal Services in Kirksville from 2007 until 2010. Mr. Bryant will fill the position of Assessor until the Governor confirms the appointment, or makes a different appointment.

Sincerely,

Stan Pickens
Presiding Commissioner

William King
1st District Commissioner

Mark Thompson
2nd District Commissioner
