Re: Adair County Logo

The Adair County Commission is requesting assistance from its citizens. The County currently does not have a logo to represent its governmental offices. The Adair County Commission is announcing a competition for a new County logo. With a generous contribution from an anonymous Adair County Citizen we are able to give a gift of \$250.00 for the winning logo. The design should be what best represents the County as a whole. Anyone interested in presenting a design please do by April 10, 2020. The designs can be submitted to the Adair County Commission any time prior to April 10, 2020.

Sincerely,

Mark Shahan
Presiding Commissioner

William King
1st District Commissioner

Mark Thompson
2nd District Commissioner
