## **ADAIR COUNTY COMMISSION MINUTES TUESDAY, DECEMBER 23, 2014**

Continued from page 539

Sheriff Hardwick then stated that regarding the inmate health care bid, he recommended that the County accept the bid from Advanced Correctional Healthcare. He called Sheriff Departments from other Counties that had also received bids from the same company. He researched the Missouri Health Council and the Adair County Health Department as possibilities, but they were not qualified at this time to provide the level of care that was required.

Commissioner Adams moved to accept Advanced Correctional Healthcare's bid for inmate health care. Commissioner Thompson seconded the motion with all in favor.

The Commission agreed to implement the approved 2% cost of living allowance for employees and elected officials be retroactive to the first day of the pay period that includes January 1, 2015.

The Adair County Commission adjourned at 4:00 p.m. on December 23, 2014.
