To Whom It May Concern:

We are writing this letter in support of the NEMO Solid Waste Management District grant application submitted by the Adair County YMCA to construct a fully accessible playground surface for the all-inclusive playground project in Northeast, MO.

We are pleased to support the construction of this play surface, because we want inclusive playground spots that are fun and safe for both typical children and those with intellectual and physical disabilities. Play is an important social opportunity for children, and to be able to play on public playgrounds with other kids is important for their inclusion in all aspects of community life.

Sincerely,

 Stanley Pickens, Presiding Commissioner
 Carson Adams, 1st District Commissioner
 Mark Thompson, 2nd District Commissioner

Order to Amend 2014 Budget

At the request of Adair County Sheriff, Robert Hardwick, the current budget will now reflect an increase in expense account 305-5-000-100.000 E-911 Emergency Fund in the amount of \$7,961.10.

It was recently discovered that the base radio purchased for the use by the Sheriff's Office, and the associated telephone circuit billing, was incorrectly set up approximately 10 years ago and has been paid for each month by the City. This allowed the Adair County Sheriff's Office the ability to communicate daily with the E-911 Center. Ms. Mari Macomber, Kirksville City Manager, conducted an internal investigation and found the incorrect billing.

This amendment will allow the County to reimburse the City.
