At 10:00 a.m., the Commission met with Adair County Sheriff, Robert Hardwick; Bill King, operations Section Chief and David Hurt, Finance Coordinator, also from the Sheriff's Department. Presiding Commissioner Pickens signed the General Maintenance Agreement with CI3 Integrators to furnish labor and materials expended in the performance of the Electronic Control System within the Adair County Sheriff's Department. The 12-month contract will cover the period January 1, 2014 through December 31, 2014. A signed copy will be returned to the County upon approval of CI3 management.

Sheriff Hardwick presented a letter requesting that the amount due the City of Kirksville from a prior base radio purchase and associated telephone circuit billing be paid from Fund 305 - E-911 Emergency Fund. The Commission agreed. A budget amendment will be prepared to expense \$7,961.10 from Fund 305.

There was discussion on how to approach the repair on the "panic" buttons in the Courthouse. Sheriff Hardwick stated he would like for Command One to install the appropriate hardware. The cost would be approximately \$1,300.00. The panic buttons were not operational due to the Sheriff's Department no longer operating off of the analog system. He said that Judge Steele was aware of the problem and knew he was going to meet with the Commission to resolve the issue. The Commission agreed to have the unit repaired and or replaced. The Sheriff will make the arrangements to accomplish this.
