RE: 2014 Hazardous Materials Emergency Planning Application (HMEP)

Commissioners,

The attached is the HMEP application for 2014 for the Adair County Local Emergency Planning Committee (LEPC). In prior years, this application involved funding for hazmat planning, etc., but for several years now in lieu of funds, it provides classes requested pertaining to hazmat. Although it asks for an "amount of funds" on the first page, no funds are distributed. This number is an approximation of how much the classes would cost.

This has been completed and requires at least 2 of your signatures to submit to the State Emergency Management Agency. The document was due December 15th, 2013, but an extension was requested and granted for January 15th, 2014.

Should you require further information, please contact me.

Sincerely
Teresa Attebery
Teresa Attebery
Adair County LEPC Treasurer
