

**ADAIR COUNTY COMMISSION MINUTES
TUESDAY, JULY 21, 2015
9TH DAY JULY REGULAR**

The Adair County Commission convened at 8:30 a.m. on July 21, 2015 in the Courthouse at Kirksville. Presiding Commissioner Pickens and Commissioner Adams were present. Commissioner Thompson was not present due to family illness.

The Commission sent letters to three land owners regarding right of way acquisition from their property to provide for the construction of a new bridge project over North Fork South Fabius River. 0.31 acres(s) of land is required from two of the property owners and 0.23 acre(s) from the third property owner. The Commission was authorized to offer each property owner \$100.00 for their land. The value was established based upon general land values in the area and represented just compensation.

The Commission spent the afternoon inspecting County roads. These included the report of a sink hole on W. Michigan that turned out not to be on County right of way; Bee Lane; Spencer Lane; Eagle Lane; Hedgepath Lane; and Banner Lane of which all appeared to be in good condition. A road tube had recently been replaced on Banner Lane and a steel post with yellow flag marks an area where further work needed to be done. A junk car still remained on the right of way of Desoto Lane and Seven Oaks Lane needed ditching. Dogwood Lane was in very good condition.

The Adair County Commission adjourned at 4:00 p.m. on July 21, 2015.

ATTEST:

Dandra Collop
County Clerk

Stanley Pickens
Presiding Commissioner
