

ADAIR COUNTY COMMISSION MINUTES
MONDAY, JULY 29, 2013

Continued from page 118

Commissioner Thompson stated that Mr. Howe's explanation helped answer some of his questions.

Mr. Howe then recommended that the County advertise for bids to build Bridge #48. Commissioner Pickens had recently received notification from MoDOT that funds had been obligated for the construction phase of project BRO-B001 (48) and approved by the Federal Highway Administration (FHWA). He would prefer the bid opening to be mid-morning on the 26th, 27th or 28th, of August. The Commission agreed to tentatively hold the bid opening on August 28, 2013 at 11:00 a.m. in the office of the Adair County Commission. Estimated completion date for Bridge #48 is 35-45 working days per bridge or 120-150 working days for the entire project. The project should conclude in the spring of 2014.

The Commission spent the rest of the day attending to County business.

The Adair County Commission adjourned at 4:00 p.m. on July 29, 2013.
