

**ADAIR COUNTY COMMISSION MINUTES
TUESDAY, JULY 5, 2016
1ST DAY JULY REGULAR**

The Adair County Commission convened at 8:30 a.m. on July 5, 2016 in the Courthouse at Kirksville. All Commissioners were present. The Courthouse was closed on Monday, July 4, 2016 in observance of Independence Day.

Henry Krambeck stopped by the Commission office to discuss the transmission line proposed by Ameren Transmission Company of Illinois (ATXI). He said they had contacted him several times regarding an easement on his property in order for the company to construct a transmission line. The representative from Ameren said they would write him a check for his permission to access his land.

Mr. Krambeck stated he was trying to gain information about this project before he made a decision. He did say, however, that he had agreed to let a bat study be conducted on his land in conjunction with the transmission line.

The Commission explained to Mr. Krambeck that Adair County was not in favor of permitting ATXI to build within Adair County. They explained that the five counties the transmission line would involve were opposing the construction. Mr. Krambeck said he did not realize the extent of the opposition to this project.

He thanked the Commission for their time and stated that he intended to investigate this further before he made his decision.

Commissioner Thompson moved amend the 2016 Adair County budget to reflect an increase in revenue account 101-4-000-301.009 General Revenue – Revenues, 2nd Circuit in the amount of \$14,000. Commissioner Adams seconded the motion with all in favor. The increase is due to the County selling a pickup, 2005 Crown Vic, 2001 Crown Vic, a two wheel trailer, and a four wheel trailer to the 2nd Circuit Juvenile Division. There is not a corresponding expense for this transaction.

The Commission spent the rest of the day attending to County business.

The Adair County Commission adjourned at 4:00 p.m. on July 5, 2016.
