

**ADAIR COUNTY COMMISSION MINUTES**  
**MONDAY, MARCH 21, 2016**  
**21ST DAY JANUARY ADJOURNED**

The Adair County Commission convened at 8:30 a.m. on March 21, 2016 in the Courthouse at Kirksville. Presiding Commissioner Pickens and Commissioner Adams were present. Commissioner Thompson was absent.

The Commission met with Amy Crawford, Area Engineer and North Region for the Missouri Department of Transportation (MoDOT), and her associate. Also present was Isaiah Curtis, Adair County Road and Bridge Supervisor.

Mrs. Crawford presented the Missouri Highways and Transportation Commission County Agreement signed by the Adair County Commission in November, 2009 regarding the continued maintenance of Spencer Lane. She wanted to clarify who was responsible for the maintenance. Discussion was held that the city limits had changed since the agreement had been signed, but the County was still obligated for maintenance of the lane.

The Commission then agreed, that according to the previously signed agreement, the County was to maintain Spencer Road.

Mrs. Crawford reported that bridge replacements had been requested with the additional 4% in revenues obtained by the Missouri Department of Revenue (MoDOT). One bridge will be worked on in Adair County. She will keep the Commission up-to-date on local projects.

Mrs. Crawford also reported that slow progress was being made on improvements to the Baltimore Strip. Survey work needed to be done and traffic counts would be conducted at Highway 63 and Jefferson Street. Additionally, MoDOT planned to seal some roads as well as asphalt others.

The Commission spent the afternoon inspecting County roads which included Paultown Way; Seven Hills Way; East Center Way; Horseshoe Way, which was in need of some work; the road behind the old nursing home; and Spencer Way. There also had been a report of a bank area that was blinded at Clemson Way and Capri Way.

The Adair County Commission adjourned at 4:00 p.m. on March 21, 2016.
