Re: First Floor Women's Public Restroom
 Sewer Line Replacement

SCOPE OF WORK

Remove and reset existing toilet partitions.
 Remove existing floor tile.
 Saw cut existing concrete floor. Remove and replace concrete floor at new drain line connections.
 Remove and re-install existing fixtures at new connections.
 Remove and replace existing sewer lines and connections with new schedule 40 PVC.
 Remove spoils and saturated soil for new sewer line and connections. Fill void areas with 1" clean gravel for floor support.
 We anticipate a two week time frame for completion.
TOTAL COST FOR THIS WORK \$16,883.00

This proposal is based on connecting to the main line within the women's restroom. If the additional 20 lineal feet needs replaced outside the restroom perimeter, it would result in an add of: **\$2,900.00.**

If the existing line goes to the west outside and has to be replaced, this would be reviewed and will require additional costs.

ALTERNATE: Replace the existing flush valves. \$1,090.00.

Cordially,
 PSR Construction, Inc.

Jerry D. Smith

FAILURE OF THIS CONTRACTOR TO PAY THESE PAYORS SUPPLYING MATERIAL OR SERVICES FOR THE WORK DESCRIBED IN THIS CONTRACT COULD RESULT IN THE FILING OF A MECHANIC'S LIEN ON THE PROPERTY WHICH IS THE SUBJECT OF THIS CONTRACT PURSUANT TO CHAPTER 429, RSMo. TO AVOID THIS RESULT THIS MAY BE THE CONTRACTOR'S OBLIGATION TO PAY THESE PAYORS IMMEDIATELY UPON RECEIVING MATERIAL OR SERVICES FOR THE WORK DESCRIBED IN THIS CONTRACT. FAILURE TO MAKE "Lien Waivers" COULD RESULT IN YOUR PAYING FOR LABOR AND MATERIAL TWICE. INSURANCE AND WORK COMP AVAILABLE UPON REQUEST.
