

**ADAIR COUNTY COMMISSION MINUTES
TUESDAY, NOVEMBER 19, 2014**

Continued from page 194

Ms. Killday said that she could contact the person who handled the City's system and set up a meeting with the Commissioners for a proposal on what it would entail to do an upgrade. She also stated that the base radio could be trunked and then piggyback on the City's server and microwave towers that were already in place. This could save money.

Commissioner Thompson said he was in favor of supporting the proposed budget that the City had presented. Commissioner Adams said that a 1% increase was acceptable. Presiding Commissioner Pickens said he thought the Center was doing a good job and that the budget was reasonable.

The Commission spent the rest of the day attending to County business

The Adair County Commission adjourned at 4:00 p.m. on November 19, 2013.
