I am attaching the employee survey that we handed out in case you did not get one. Please fill out the surveys and turn them in to your supervisor as soon as you can. We will be collecting them over the next few days. You do not need to put your name on them unless you want to. The reason for the survey is to see what benefits in the policy are and are not being utilized. If there is something no one is using, and if we could save money by not having it in there. We know that costs have gone way up and are looking for ways to reduce our costs without reducing any benefits.

As you may or may not know we are looking at other brokers for our Health Benefits. This is why we are asking for input on our current broker, Mike Deren/GBS, and about the policy we have.

Someone mentioned they do not have a copy of the plan. If you want a copy, you can ask me, and I will get you one. If you have questions come talk to me. It is also on the County's website, under Human Resources.
